

Technical Officer Report to SCOA Committee June 2026

Following on from the courses mentioned in the AGM report it came obvious that the BOF membership database no longer appeared to be holding information of attendance at Controllers courses (a requirement in the Rules for appointment to a Grade). I have raised this with various steering groups and had a response that this will be looked into. At the same time I was approached about the quality of data recorded about controllers from the Chair of E&CC. Not certain if the two were linked or just coincidental. So Terry is now also aware.

On the plus side I am now able to see the Controller Licence information for all SCOA members and have just updated my list of Controllers (hence the numbers quoted in my AGM report). I can make this available to anyone who needs the information until the SCOA database security is sorted out.

I have approved officials for Chiltern Challenge 2027, not seen anything yet about November Classic 2026 or Concorde Chase 2027, I will follow-up on this with the clubs concerned.
