

SOUTH CENTRAL ORIENTEERING ASSOCIATION FIXTURES SECRETARY REPORT - 2025

During 2025, approximately 80 level A – D events (2024: 70) and 42 activities (2024: 49) were registered in the South Central region, attended by a total of at least 8,163 people (2024: 7,753), of whom 7,091 (2024: 6,657) were seniors and 1,071 (2024: 1,096) were juniors.

The figures relating to these events are shown in the table below (with 2024 data in brackets).

Participation grew by about 5% year-on-year, perhaps reflecting the higher number of opportunities for people to compete. The number of level D events has returned to pre-pandemic levels, although the activity count continues to decline.

There were no events and 24 activities with missing participation data. As usual, the majority of these activities were training or coaching activities, where the number of participants should be rather simple to count.

No level A events were held in the region (2024: 0). Five level B events were held (2024: 5), run by BKO, JOK (Harvester relays), SN, SOC and TVOC.

The SCOA League had a programme of 5 events in 2025. The 2025/26 season had 8 events in total.

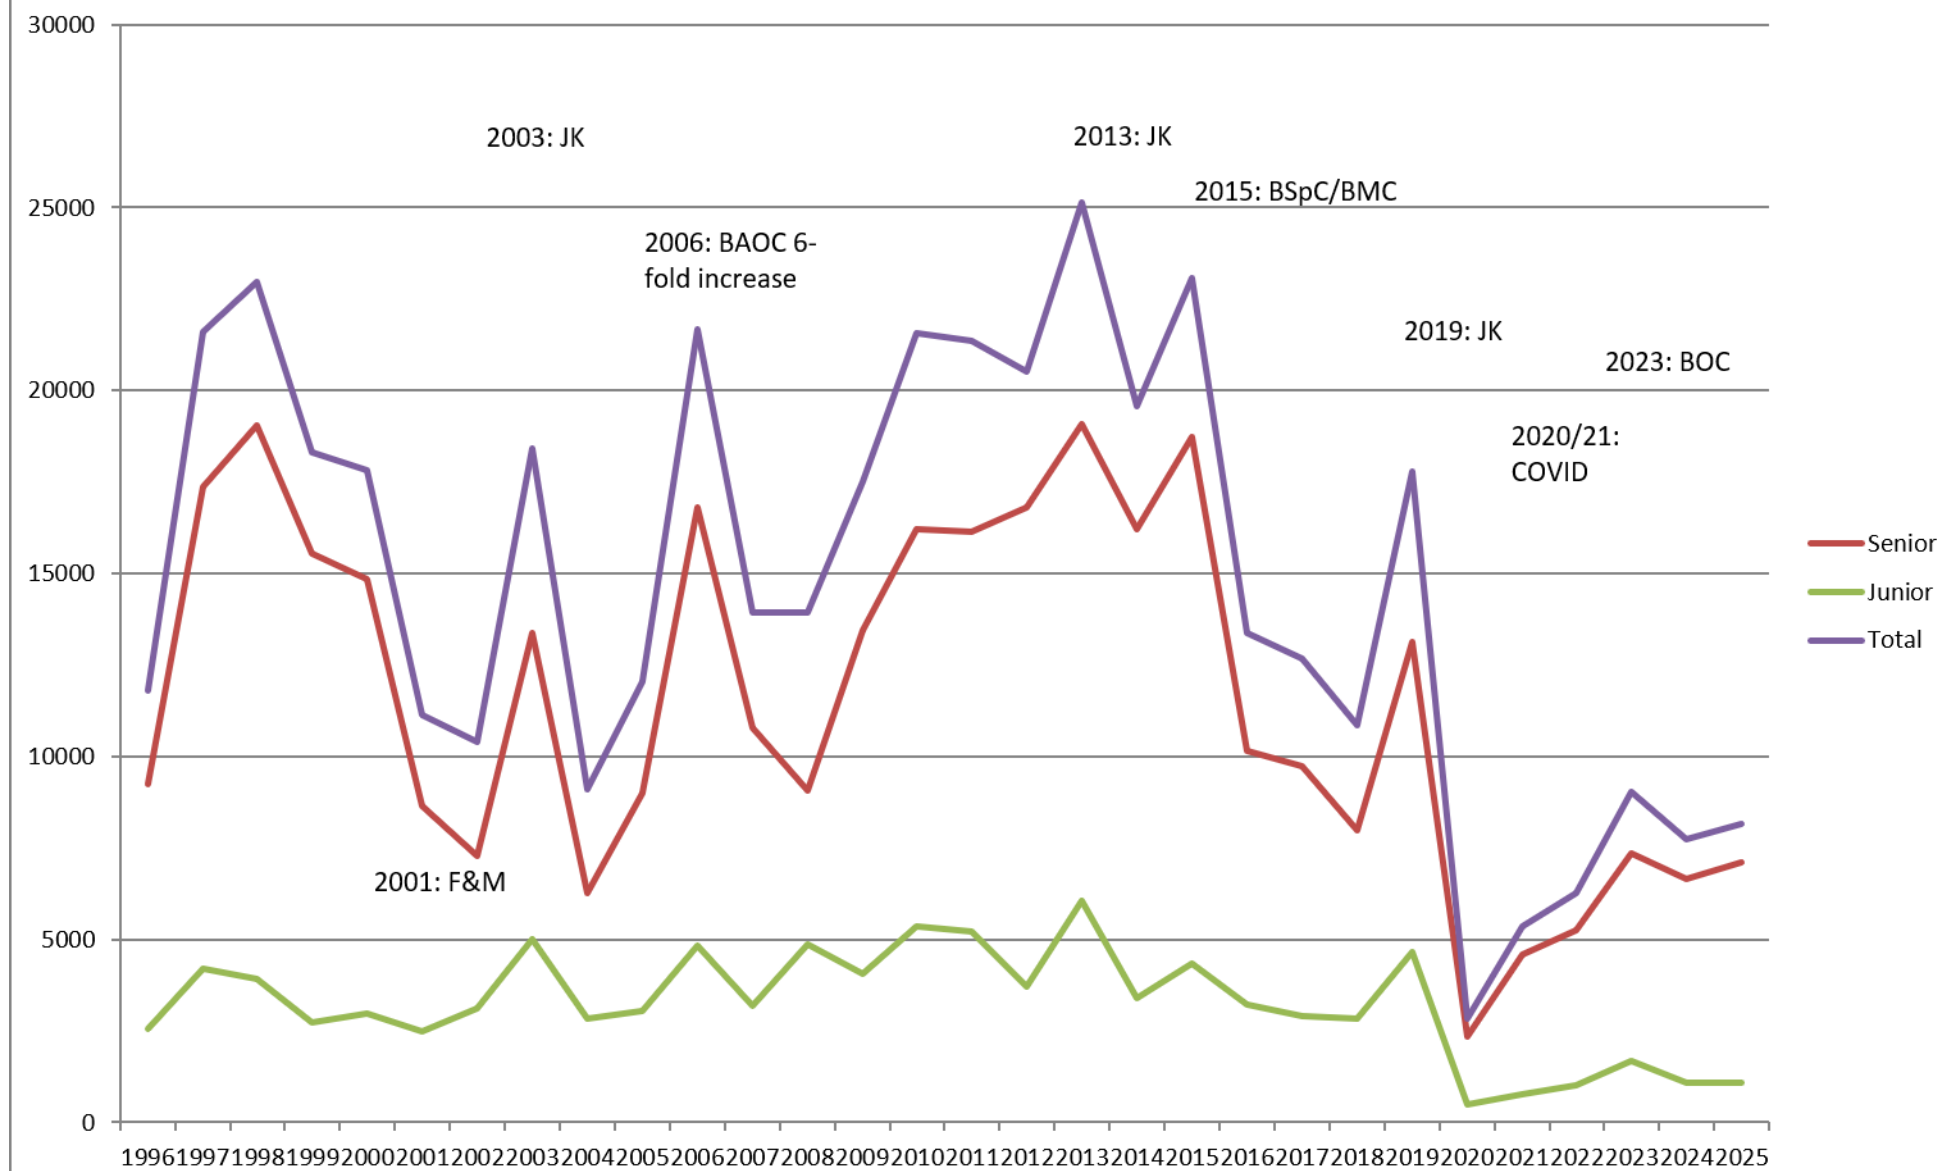

I have updated the graphs of the annual number of events in the region and participation to cover the entire period from 1996.
