

Coaching Officer – report to SCOA Committee – 21st March 2019

1. Coaching & Workforce E Newsletter No.3 – this has just been produced & is sent to everyone who ticks the correct newsletter boxes on the BOF website list. I am forwarding to all SCOA Coaches & urging them to sign up for future editions.

2. Coaching Conference Jan 2019 – unfortunately I could not attend in the end so Simon Kippen stood in for me. A report of the Conference is in the E newsletter. It seems to have gone well as usual and been very valuable to those who attended.

3. CPDs – coaches have been required to complete these on an ongoing basis, and then submit them every three years to be checked. Getting these reports has proved a difficult task over the years & it has been decided to remove the need to have them checked every 3 years. There will still have to be some means of keeping abreast of who is coaching – my Club reports could deal with this instead

4. Orienteering Foundation Coaching Days – there has been suggestion that Association or cross Association coaching days might be held to satisfy demand for coaching from all types of orienteers providing economy of scale. We could look at planning something for the Autumn possibly.

I will be getting reports from Club coaches for the next meeting

Liz Yeadon
