SCOA league:

Five of the six events in the 2018 – 19 season have now taken place. The one remaining event is at Rushall Woods on 12/05/2019.

Other matters:

- 1) BSOC on 17/11/19: we desperately need an area and officials for this event. Black Park has been registered but I'm not sure where this has come from.
- 2) No venue has been registered for the Southern Championships/Concorde Chase in 2020 and so no controller appointed yet. There also appears to be no supporting event on the Saturday (urban? night?). As a result, this event is likely to drop out of the UKOL list. (*Late news 13/3/19: Long Valley North is now showing as the venue.*)
- 3) No level C events organised by a SCOA club over the next few months are missing officials.
- 4) I remain open to offers to host the 2020 CompassSport cup round for SCOA on 15/03/20.
- 5) 2020 is our turn to host the Southern Night Championships, typically in November/December. Offers please.
- 6) There is a gap in the rota for the British Middle Champs in 2021. It's not our turn but any offers will be considered. Note that has now been separated from the British Sprints.
- 7) 2021 is also our turn to host the VHI. Can this be held in parallel with the November Classic weekend?
