

Technical Officer Report to SCOA AGM, 20 June 2019

Controllers

SCOA currently have 5 Grade A, 14 Grade B and 15 Grade C controllers. A decent mix, two of the current Grade A controllers are, or will be in the future, reducing the range of events that they control (myself and one other) due to physical capabilities. One Grade B (fitter and younger) controller is likely to apply to move up to Level A in the next year. I'm awaiting the application.

Event Safety workshop

I ran a workshop for 7 members in October 2018, 6 BKO and 1 TVOC. I believe other Event Safety workshops may have been running during the last year in SCOA but I am not necessarily informed when they happen.

SCOA currently have 173 members who have attended the Event Safety workshop and 6 Event Safety tutors (2 TVOC, 1 BKO, 1 BAOC/SN and 2 SOC). The numbers of SCOA members who have attended a workshop has actually dropped by 2 from 2018 however this is still a very healthy number within the region.
