The 2021/22 season had 5 events scheduled, all of which have taken place. The 2022/23 season currently has 3 or 4 candidate events registered.

Other matters:

- 1) All officials are now in place for the BOC/BRC weekend.
- 2) Arrangements for the SHI in November 2022 are coming together. Land permission has yet to be received for the relay event on the Saturday.
- 3) The Chiltern Challenge was postponed due to a clash with a cycle event on the area. The new date is 16 October 2022, the same date as the CompassSport Cup final (FVO). As some clubs will be affected by this, should the SCOA Championships remain with this event or be moved to the November Classic?
